WORK & LEADERSHIP EXPERIENCE

Crédit Agricole S.A.   **Montrouge, France**

Asset Valuation Intern   June – August 2024

- Conducted the valuation, across all bank entities, of €2.5 trillion worth of credits, derivatives, DTAs, and intangible assets within the SRB Valuation framework
- Developed a Python script to generate DCF valuations from credit data, transforming a previously unfeasible process into a 5-hour task executable on a standard laptop
- Crafted and delivered presentations detailing valuation processes to 2 Eurosystem members
- Authored a comprehensive valuation guide to ensure project continuity and efficiency

ESSEC Club of Economics   **Cergy, France**

Financial Analyst   February 2024 – Present

- Created and presented pitch books with competition research, corporate strategy analysis, and L/S recommendations, including a TSMC pitch book with a score of 18.2 / 20
- Built a Python stock screener filtering 3000+ equities by sector, region, market cap, and financial metrics
- Published monthly economic reports and weekly news on the TMT sector for 2500+ readers
- Improved financial analysis and modelling (DCF, comparable analysis) proficiency via Wall Street Prep

ESSEC Sounds   **Cergy, France**

Co-Founder and Head of Communications   November 2023 – Present

- Managed a team of 4 people within the Communications department of a new music production club
- Led the creation and delivery of presentation materials, including a proposal securing €5000 in funding

Madre Celeste   **Ananindeua, Brazil**

Volunteer   July 2018 – August 2019

- Embarked on missions to distribute food and clothing to 50+ poverty-stricken communities in the Amazon
- Managed storage of 200 kg of goods and led communication efforts, yielding a 20% increase in donations
